

**International Conference on Nuclear Human Resource Development  
in Asia and Pacific  
- The Role of Nuclear HRD after Fukushima Accident-**

February 27 (Mon) – February 28 (Tue), 2012  
Bangkok, THAILAND

**Scope**

This conference aims to establish and enhance the cooperative relationship among the “Japan Nuclear HRD Network\*” and related organizations in Asian countries including FNCA participating countries and international organizations such as IAEA, EC, ENEN and WNA by sharing information and practices on recent HRD activities. It also will address the challenging issues related to Fukushima Daiichi NPP accident, and aims to come up with a clue for future direction of Nuclear HRD through active discussion among the countries.

(\*An overall framework for nuclear HRD which was founded in November, 2010 under the support from the government, industry and academia in Japan.)

**General Information**

Organized by: Japan Atomic Energy Agency (JAEA)

Co-Organized by: Thailand Institute of Nuclear Technology (TINT)

Sponsorship: Japan Nuclear Human Resource Development Network (JN-HRD.NET)

Venue: Four Seasons Hotel Bangkok, Thailand

**Participation**
